Internet of Things (IoT) Connectivity Solution

Massive scale global access

Long battery life

Direct to Orbit

Low cost

End-to-end security

Massively scalable

Low power transmitters

Application specific

- Rain Gauges
- Weather stations
- Soil moisture probes
- Tank monitors
- Flow meters
- Asset trackers
- Water meters
- Aquafer monitors

- Ear tags…?

Enterprise wide

- Wineries
- SaaS farm management platforms
- Logistics (feedlots)
- Paddock to plate tracking
- Multi site supply forecasting

- Ear tags…?
